EQUNCIL MET JUNE 2

The regular first Monday at sociation Building.

The meeting was called to order by the Chairman, Mr. Hugh Sanford, who discussed a letter which he had recently received from the State Chairman of the Christian Rural Overseas Program in Mississippi. The letter requested that the Coordinating Council select a chairman and publicity director for Hancock County. Father Robinson was elected Chairman and D. J. Martin, Vocational Lucas Pucheu was elected Grand Instructor at Sellers School was elected Publicity Director.

At the completion of this the program was turned over to Randolph Bourgeois, Game and Fish Commision, who discussed the Mississippi Fish and Game program from a State wide viewpoint and also from Hancock County.

He stated that the first attempt to create the Game and Fish Commission was in 1928. Miss Fannie Cook attempted to get a law through the Mississippi Legislature creating the Game and Fish Commission but it was defeated by four votes. Continuous work was done from then until 1932 at which time the law was passed creating the organization and Si Corley was select-

ed as the first administrator. He stated that the Fish and self sustaining department in the State and at this time it had a considerable reserve cash surplus on hand. Also, at this time seventy-six counties have been stocked with deer.

Inidens' Garage, Labor,

A glass of milk and sandwiches are hardly a new idea. But, when the sandwiches actually contain a glass of milk, that is new!

The MILK-SANDWICH is a new food idea which combines favorite sandwich fillings and New Pet Instant Nonfat Dry Milk Two MILK-SAND-WICHES are the equivalent to an 8-oz. glass of milk with all of the B vitamins, calcium, phosphorus and protein of fresh pasturized milk. With less than 1 per cent fat in New Pet Instant the MILK SANDWICH is welcome news to weightwatchers who still need milk in their diets.

Sandwiches, when combined with milk, make for quick and nourishing luncheons or handy TV snack suppers which all the family will enjoy. The addition of nonfat dry

milk to fillings does not change either flavor or texture of the sandwiches.

for two sandwiches. Quantities may be increased to meet family requirements.

the ideal way to add extra milk to the diets of youngsters and teenagers, too. If you have a "milk rebel" in the family he won't even know there's milk in his sandwich and if he likes milk, he'll be intrigued with a MILK-SANDWICH.

for those in harness with the company to keep body and soul together while they carried on to keep their dreams from being shattered and their objectives from being short circuited.

We know of no promise, no commitment we have ever made to the people of Mississippi or its public officials that we have ever broken. We have kept the faith not only because we had confidence in the future of Mississippi, but because we had faith in Mississippians.

It takes millions of dollars to finance a private company like our own, and added millions to keep it in operation, and to expand to meet not only the immediate demands of a growing economy but also to foresee the future and to be prepared for new developments. One cannot finance and build an electric generating plant and transmission system overnight. It takes faith, and a lot of it, to spend money on new facilities to provide electric power that may not be accided until some uncertain time in the future:
